MAYSVILLE, KY., TUESDAY, AUGUST 3, 1897.

NUMBER 214.

PEACEFUL WARFARE.

Such Is the Great Strike of the Coal Miners.

MONSTER MASSMEETING HELD.

More Than Five Thousand Striking Miners Assemble in an All-Day Session and Listen to Speeches of the Strike Leaders. They Are More Encouraged Than Ever. A Crisis Is Approaching.

PITTSBURG, Aug. 3.—The striking miners have broken all records, both as to numbers attending their massmeetings and the excellent order and law-abiding behavior they have exhibited. Too much praise can not be given the strikers for this latter condition. They have been subject to the control of leaders, who, profiting by former experience, have so forcibly instilled into the minds of their followers the stupidity of law-breaking, that the peaceful attitude and actions of the strikers have been a source of wonder to all the prophets, who have from day to day predicted dire happenings. It is conceded by all that in former times, under similar circumstances, riot and bloodshed would have resulted long ago from the conditions under which the miners have been placed during this strike. It is the hope of all well-wishers of the strikers that this peaceful warfare will continue throughout and until the contest is settled definitely.

The massmeeting of miners at the McCrea schoolhouse yesterday was the greatest during the strike, and probably the largest gathering of the kind ever seen in Allegheny county. More than 5,000 striking miners were gathered together for an all day session, and labor leaders harangued them in various tones, while bands of music served to stir up the enthusiasm to the highest pitch. From early morning miners of every nationality were gathering at the schoolhouse. They came in big bands and small ones, but the one that set the camp wild with enthusiasm was from Turtle Creek. It consisted of 1,500 miners from that camp, and when they came in sight there was such cheering as has not been heard since the strike started. They came down to the camp at the schoolhouse with bands playing stirring airs and banners waving in the breeze. Cheer after cheer went up from the camp and the marchers returned with a will. When the miners of the two parties met there were some wild scenes. Men rushed around shaking hands, shouting and even embracing each other. The crowd that had gathered was so much larger than the men had anticipated that they were wild with joy and drunken on success.

A few minutes after the arrival of the Turtle Creek division, the speakers arrived in a carriage. They were: M. P. Carrick, president of the painters and decorators' union; W. A. Carney, vice president of the Amalgamated association; Mrs. Mary G. Jones, the female labor agitator of Chicago, and M. J. Conahan of the painters and decorators' union. In addition to these the leaders of the miners were lined up to speak as the occasion demanded.

There was a rumor in the camp that Sheriff Harvey A. Lowry would appear with deputies and force the meeting to disperse, but it was evidently unfounded. The speeches were not of an inflammatory character, and the big crowd was orderly during the day.

It was announced that but 29 men were at work in the Plum Creek mines, while only two or three were in the Sandy Creek mine. The policy of the miners is to form camps at these mines as well as at Oak Hill, and maintain large parties on guard. President Dolan announced that he could get land from private parties on which to pitch his camps.

The feeling in the camp is one of triumph. The miners claim that they are on the high road to success, and the enthusiasm which was seemingly slumbering is now at fever heat.

J. T. McCoy, a prominent member of the typographical union, extended the sympathy and financial support of the unions of the country, and said the organization had made a per capita assessment for five weeks to be paid for the benefit of the strikers.

A large number of the men who attended the meeting were nearly dead from hunger. Some of them had eaten nothing since 4 o'clock Sunday, and the commissary wagon had not yet arrived when the meeting was over. It was not until nearly 2 o'clock that the wagon carrying the provisions got to the camp, and when it arrived there was rush for bread which would put to shame any football rush ever seen on the local gridiron. After the meeting was over and the men had satisfied their appetites, they went back to their camp at Turtle Creek in an orderly manner. Two new camps were instituted yesterday afternoon after the meeting. The one at Plum Creek will be known as "Camp Resistance," the one at Sandy Creek will be called "Camp Isolation." Each camp in the besieged district will be kept constantly supplied with guards. Headquarters, as heretofore, will be "Camp Determination," at Turtle Creek.

One of the noticeable features of yesterday's procession was a wagon drawn by four horses bearing diggers from the Souter mines. On each side was a banner advocating free speech and peaceable assembly. Flags seemed to be in demand among the marchers. The delegation marching on Plum Creek was under the impression that they could not march with a band unless an American flag was carried at the front. A buttonhole flag, the dimensions of

which were but a few inches, fastened to a small stick, was carried at the head of the procession when the marchers reached the Center schoolhouse.

The force of deputies was kept busy during the entire night. Every move was watched and trouble seemed to be in the air. The condition can be said to be critical. Both sides feel that there is a crisis near at hand. The officials of the New York and Cleveland Gas Coal company gave out the statement last night that their forces were increased in the Turtle Creek and Sandy Creek mines, and that more men were at work in the Plum Creek mine than there has been since the campaign against the company started.

Whatever the immediate culmination of the strike situation may be, in this district it is evident that Sheriff Lowry considers the time a critical one. Last night he telegraphed Governor Flanings fully concerning the conditions existing here with the evident purpose of having the governor prepared for any emergency that may arise in the near future. It is learned the governor was so impressed with the gravity of the case that he instructed the adjutant general to remain in his office all night, awaiting any requisition that may be made on him for troops.

The only surface occasion for this precaution is the fact that last night an immense procession of miners and citizens, headed by Burgess Teats of Turtle Creek, marched through the streets of the borough and back again to Camp Determination, where a meeting was held, and the Burgess assured the men that they had his sympathy as well as that of all the citizens therabouts.

It may be the sheriff, in view of the fact that the big assembly at McCrea schoolhouse yesterday was in violation of his proclamation, had reason to believe that the miners are beyond his control, and has warned the governor of impending trouble.

Beyond the meeting and marching last night all is quiet in the neighborhood of the camp.

RATCHFORD STILL CONFIDENT.

Well Pleased With the Reports Received From Various Places.

COLUMBUS, O., Aug. 3.—President Ratchford of the United Mine Workers of America has returned from his home in Massillon, where he spent Sunday. He reports that the miners in the Massillon district are contented with their lot and propose to remain out until the strike is settled.

The miners' officials are pleased with the reports being received from the various districts and feel more confident than ever of the ultimate success of the strike.

Vice President Wood, the organizer sent out by the Cigarmakers' International union, had a conference with President Ratchford, and was assigned to service in the Fairmount district, where the campaign will be carried on with unrelenting vigor.

Miners Encamped in Illinois.

ODIN, Ills., Aug. 3.—One hundred striking miners from Eereo, Fallon, Trenton and Belleville invaded this town again yesterday, and several more are expected tomorrow from neighboring mines. The men are now encamped near the city. Mayor Farthing has deported 40 citizens to act as marshals and prevent violence. The mines here are being operated by a full force of men.

FLOODS IN AUSTRIA.

It Is Even Worse Than It Was First Reported.

VIENNA, Aug. 3.—Reports from the flooded districts show that the situation is even worse than was at first feared. The greatest damage has been done in Bohemia.

At Trautenau 30 houses have been destroyed and 25 persons drowned. Corpses were to be seen floating down the streets with every kind of debris, even a cradle with a crying infant, which fortunately was rescued.

At the village of Freiheit, a house was washed away bodily and its 17 occupants were drowned.

Almost the whole town of Reichenberg is submerged and there to many have been drowned. The loss to mill owners in that district is estimated at millions of florins.

In Vienna the damage already done to public works, sewers, gas mains and bridges is estimated at 2,600,000 florins. The Danube is now almost double its normal width and is still rising.

At Gimunden, Ischl, Ausz and other health resorts, enormous damage has been done. The people were compelled to flee for their lives.

The Emperor Francis Joseph is personally inspecting the efforts of the troops to palliate the disasters, and the government is preparing estimates as to the amount of state aid required.

In many places the crops have been entirely destroyed and in consequence the price of provisions is rapidly on the increase.

Storm in Alabama.

LETOHATCHIE, Ala., Aug. 3.—A disastrous storm passed over the town yesterday. The cloud, which was funnel-shaped, gathered three miles north of here and passed off in a southwestern direction. Houses, fences, trees and crops were laid low in its path. Two now churches in this place are total wrecks and many residences and stores were seriously damaged. No loss of life has been reported. The direction it took is in the county without telegraphic communication.

Tanners Give Up the Fight.

COLUMBUS, Ind., Aug. 3.—The wage strike at the tannery of W. W. Mooney & Sons, on for about three weeks, is ended, the men giving up the fight. Most of them were taken back.

TROUBLE IN HAWAII.

The Condition of Affairs Is Very Threatening.

A POPULAR OUTBREAK FEARED.

HONOLULU Harbor Is Dotted With British, Japanese and United States War Vessels and More Japanese and British Vessels Are Expected Daily—American Blue Jackets Have a Grievance.

NEW YORK, Aug. 3.—A dispatch to The Herald from Vancouver says that the steamer Miowera from Honolulu considers the time a critical one. Last night he telegraphed Governor Flanings fully concerning the conditions existing here with the evident purpose of having the governor prepared for any emergency that may arise in the near future. It is learned the governor was so impressed with the gravity of the case that he instructed the adjutant general to remain in his office all night, awaiting any requisition that may be made on him for troops.

In semi-government quarters everything is reported quiet, but the impression among citizens is that the condition of affairs is very threatening and a popular outbreak may occur at any time, when international interference from ships in the harbor will occasion complications.

The stream of Asiatic laborers is still pouring in, each shipload causing a fresh outbreak of feeling among the different factions on the islands.

An immediate cause of alarm is the fact that the United States blue jackets are bitterly hostile to the Hawaiian police, who exercise almost military rule. British and Japanese sailors are not molested, but American blue jackets are constantly arrested as deserters without cause and annoyed in every conceivable way. The object of the authorities in this persecution can not at present be fathomed. The blue jackets are writing numerous letters to the press protesting against their treatment. Heavy rewards are offered to the police for arresting United States naval deserters, which has caused wholesale arrests of men of the American fleet.

News of the annexation of several of the Solomon Islands by Great Britain has been received with excitement and again started a report that advices have been received from England that the United States will not be allowed to annex Hawaii, as Great Britain wants the islands herself.

Americans insist on vigilance committees being appointed to look after American interests in view of the persecution of American blue jackets by the police. They ask that the police system be done away with as a menace to the country.

Japanese Warships Observe Our Fourth.

WASHINGTON, Aug. 3.—The navy department has received a report from Admiral Beardsley, commanding the Pacific station, dated Honolulu, July 17, in which he makes a point of the fact that the Japanese warship in the harbor scrupulously observed not only the Fourth of July but the Hawaiian independence day as well.

JOHN O'CONNELL MURDERED.

His Children Accuse Their Mother of the Crime.

REDWOOD FALLS, Minn., Aug. 3.—John O'Connell, a well known politician, has been murdered at his farmhouse. Seven gashes in his scalp were made by some blunt iron instrument.

After the blows had been inflicted O'Connell's clothing was saturated with kerosene and his home set on fire.

Statements of the oldest three of the nine children made to the authorities are to the effect that Mrs. O'Connell, wife of the murdered man, was the sole author of the horrible tragedy.

Her antipathy to drink was strong and her abuse of her and their children while under its influence appears to have driven her temporarily insane.

Killed by the Fast Mail.

GREENCASTLE, Ind., Aug. 3.—Charles Best, 17 years old, the son of James Best, living four miles southwest of this city, was instantly killed on the Vandalia track near his home by the fast westbound mail train No. 11. Charles and his brother had started to the Mount Olive church, and were walking E. When they reached the track the brother hurried across just in front of the train, but Charles failed to move rapidly enough, and was literally ground to pieces.

Carrier Pigeon Record Broken.

SOOTH BEND, Ind., Aug. 3.—"Pedro," a carrier pigeon owned by Peter Tollens of the Mishawaka Homing club, one of the eight released at New Orleans on Thursday at 9 a. m., arrived at Mishawaka, a distance of 1,000 miles, Sunday at 12:30 p. m., making the distance in 75 hours. The actual flying time is 58 hours, beating the European record of 8 days, and the United States record of 15 1/2 days.

Nearby Pigeon Record Broken.

LOUISVILLE, Ky., Aug. 3.—William Saddler and William Parks, Garrard county farmers, were struck by lightning and instantly killed Sunday afternoon. They lived miles apart, but in the same county, were struck about the same time, and by lightning from the same storm, which swept over that section in the afternoon.

Two Farmers Killed by Lightning.

PRATVILL, Ky., Aug. 3.—William Souter and William Parks, Garrard county farmers, were struck by lightning and instantly killed Sunday afternoon. They lived miles apart, but in the same county, were struck about the same time, and by lightning from the same storm, which swept over that section in the afternoon.

Carrier Pigeon Record Broken.

ST. LOUIS, Aug. 3.—Mr. Newton Haight, aged 59, traveling passenger agent for the Union Pacific railroad, and a widely known railroad man, died here yesterday. He saw service in a Michigan regiment during the civil war, and acted as provost marshal of Charlotte, N. C., during the last days of that contest. The remains will be taken to Jackson, Mich.

Tanners Give Up the Fight.

COLUMBUS, Ind., Aug. 3.—The wage strike at the tannery of W. W. Mooney & Sons, on for about three weeks, is ended, the men giving up the fight. Most of them were taken back.

OTHER WEALTH IN ALASKA.

That Lake of Pure Petroleum Proves to Be a Reality.

SAN FRANCISCO, Aug. 3.—While the whole world is excited over the gold discoveries in the north, sight has been lost of another discovery that promises to be of great value in the development of this section. Some months ago a lake of almost pure petroleum was discovered and samples were sent to Seattle for analysis. The report on these has been made public and the find is reported to be of most marvelous richness.

A company has been formed in Seattle to handle the product, and travelers from there say the company intends to put it on the Alaskan market at once. The lake is of unknown depth, several miles wide and five to six miles in length, and the quality of the petroleum is said to be of the finest. The lake is only two miles from the ocean. The surroundings are said to be rich in coal and asphalt. It is the expectation of the owners of the lake to take its products into the mining camps of northern Alaska whenever the waterway will permit.

Unable to Reach Klondyke.

VICTORIA, B. C., Aug. 3.—The steamer Queen has arrived from the north. She brought no late news from the mines, but reports that 400 people are camped at Skagway bay and 50 at Dyea. They are unable to have goods taken into the lakes, as the packers can not handle the business. There will be a terrible crush there when the boats that left here after the Queen, seven in number, arrive there. It is safe to say that not half the men will get away from Skagway bay this year, and even with the large number of horses on the way up, it will be impossible to handle the freight.

PUBLIC DEBT STATEMENT.

Monthly Report for July Just Issued by the Treasury Department.

WASHINGTON, Aug. 3.—The monthly statement of the public debt, just issued, shows that the debt less cash in the treasury at the close of business on July 31 was \$993,446,646, an increase during the month of \$6,790,560, which is accounted for by a corresponding decrease in the cash in the treasury. This decrease is in consequence of exceptionally heavy disbursements. The debt, independent of the cash, was decreased by \$330,610.

The debt is recapitulated as follows: Interest bearing debt, \$847,365,820; debt on which interest has ceased since maturity, \$1,336,340; debt bearing no interest, \$377,751,442. Total, \$1,223,463,102.

This, however, does not include \$588,518,953 in certificates and treasury notes outstanding, which is offset by an equal amount of cash in the treasury.

The cash is classified as follows: Gold, \$178,044,577; silver, \$521,734,139; paper, \$149,429,392; bonds, disbursing officers' balances, etc., \$16,763,922. Total, \$807,961,932.

Against which there are demand liabilities outstanding amounting to \$634,945,476, which leaves the net cash balance in the treasury \$233,016,450.

TELEGRAPHY WITHOUT WIRES.

Inventor Marconi Claims a Twelve-Miles Reach Thus Far.

NEW YORK, Aug. 3.—A special to The World from London says that Marconi, inventor of the "wireless telegraph," has just reached Sooan, where a test of his invention will be made. In an interview Marconi said: "The greatest distance which we have been able to transmit messages without wires is 12 miles. But that by no means is the limit of the instruments; it simply signifies that existing appliances are not perfect. At Spezia I sent messages without wires from the San Bartolomeo arsenal to the warship San Martine, 12 miles out in the harbor, without difficulty and with absolute accuracy. It was done before the royal commission."

"Official experiments will be renewed when I return to Italy in September. I have successfully experimented before the Italian minister of marine and at the Quirinal before the king and queen."

Arm Frozen Still.

JERSEY CITY, Aug. 3.—Samuel Wolf, a confectioner, offered a dish of cream to the boy who would hold his arm the longest time in an ice cream freezer. A number of boys who were around Wolf's store contested for the prize, but Willie Lockwood outdid them all. Although suffering excruciating pain, he held his arm in the freezer for four minutes. When he withdrew it the arm was frozen stiff. The boy was taken to the city hospital, where it was said it would be necessary to amputate the arm.

Quarantine Against Smallpox.

NASHVILLE, Aug. 3.—The reports of cases of smallpox in Birmingham and Montgomery, Ala., have alarmed the inhabitants of many of the small towns in that state, and steps have been taken to quarantine against those cities. Pratville has adopted resolutions demanding the strict quarantine of all roads leading into the town. The cases at Montgomery and Birmingham are mild and entirely isolated.

Nearly a Hundred Lives Lost.

TACOMA, Wash., Aug. 3.—According to Oriental advices just received here the steamer Sultan of Bombay foundered near the island of Socotra, bound from Jeddah to Calcutta with a cargo of rice and 130 Mohammedan pilgrims. The

INDICATIONS.—Threatening weather, with local showers Tuesday afternoon; light east to northwesterly winds.

REPUBLICAN papers announce that the "big imports" preceding the passage of the Dingley bill are handicapping the new law in the way of revenue. They are beginning early to make excuses for the new law.

The "wave of prosperity" has struck the country if the Courier-Journal is to be believed. The people don't bank much on what the C. J. says now-a-days, but we trust its statements are true. What the people wish to see now is this "wave of prosperity."

The hungry Republicans in this district are deprived of another slice of "pie" by the "shifting around" that was made in the Collector's office last Saturday. It looks like Mr. Roberts, the new Collector to be had a hand in the scheme, although we don't know this to be a fact.

A DISGRACEFUL state of affairs exists at the Lexington asylum. The Superintendent, whose dismissal was recently urged by the grand jury, has had his First Assistant arrested for purloining his private papers, and has summarily dismissed his Secretary and two of the attendants. The two attendants claim to know no reason for their dismissal, save their refusal to sign a petition exonerating Thomas Scott, son of the Superintendent, of a charge before the Board of Asylum Commissioners. A nice mess of affairs under this Republican "reform" administration.

Well, well! The Minneapolis Times says: "The Republican leaders are now ready to admit that a new issue of bonds will be unavoidable in order to carry the McKinley administration through the present fiscal year, and they regard the prospect with anything but cheerfulness. The trouble with them is that they do not place the blame where it belongs. They will not admit that the cause of the approaching embarrassment of the administration is the fact that the Dingley bill rivets tariff fetters upon the limbs of trade which will make a bond issue almost inevitable in order to meet the obligations of the government."

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired-out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centers in the stomach, gently stimulates the liver and kidneys and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c. or \$1 per bottle at J. J. Wood's drug store.

BORN, Monday morning, to Mr. and Mrs. Noch Powell, a fine daughter.

ON THE WARPATH.

Bradley's Friend Forrester After McKinley and Hanna—Present 6. O. P. Machine Is Infamous.

The Governor of Kentucky, through his mouthpiece, Col. Forrester, has declared war on the President of the United States and there is going to be a hot time in the camp of the g. o. p. in the bluegrass State. It is all about Sapp. The appointment of the A. P. A. President to the Louisville Collectorship has raised a great row. From many sections have come reports of dissatisfaction, but the Frankfort Capital has fairly taken off the bark. Col. Forrester, the editor of the Capital, is so close to Bradley that the attack on Sapp, McKinley and Mark Hanna is naturally construed as an open declaration of war on the administration. Col. Forrester, under the heading "Sapp Stinks," says:

"McKinley has appointed A. P. A. Sapp as Collector of the Louisville district, and by that act McKinley has forfeited the respect of the decent Republicans of Kentucky. Sapp's appointment was made as the result of a bargain with the Todd-A. P. A. gang in Louisville. Last February the writer visited Cleveland at the urgent request of Mark Hanna, who then said, 'Any man who says that any office in Kentucky has been promised to anybody, is a G-d-liar.'

"Well, Mark lied.

"McKinley now says that he was under personal obligations to Sapp. That is one way of saying that Mark Hanna made a deal with the A. P. A.'s by which he agreed to betray the Republican party in Kentucky for the support of this miserable gang. The result of this scoundrel transaction is, that of that superb party organized and led to victory by Col. Bradley in 1895, that party which carried Kentucky for McKinley in 1896, there remains nothing but the disreputable crowd of bribe-takers, thieves and indicted miscreants that marshals under the leadership of Hunter, Deboe, Todd and carpet-bagger Roberts.

"The present Republican machine in Kentucky is infamous and the appointment of Sapp commits the national administration to the official recognition of the A. P. A. as the most important factor or faction of the party in Kentucky. And the Capital declines to affiliate with the A. P. A.'s. For those who believe that the getting of an office from McKinley is the main thing in view, it may seem very well for the administration to repay the debts due the trusts by throwing to the winds all the promises made to the sound money Democrats, and to repay Mark Hanna's ante-election obligations by thus recognizing the A. P. A. in appointing State President Sapp to the best office in Kentucky. But the Capital will serve notice now that as between A. P. A.-ism and Democracy, the decent young men of Kentucky will prefer any sort of the latter.

"Sapp's appointment is not merely an affront to Buckner, Wilson, Evans, Lewis, Cowan, Bradley and all the old line Republicans, but it is an insult to the State of Kentucky. It simply proves that McKinley holds to the Hunter-Todd theory that the successful politician is the one who most nearly approximates to the scoundrel. McKinley knew that Sapp's appointment was an act of villainy and with the sneaking style of Hanna, Hunter and their kind he waited until Congress had adjourned so that Sapp could get into office without having to be confirmed by the Senate. It was eminently proper that such an appointment should have been made in such a manner.

"If the Todd-A. P. A. ticket is beaten in November, and the appointment of Sapp repudiated by the Republicans, it may be possible to carry the Fifth Congressional district in '98 for a Republican, for the sound money Democrats may find it desirable again to unite with the Republicans. But they will not unite with the A. P. A.'s and Col. Walter Evans' only hope for election next year depends upon Todd's defeat this year. Sapp, his glue factory and the A. P. A.'s 'shine and stink,' as Swift would say, 'like a rotten mackerel in the moonlight.'

Davenport—Bradley.

Mr. W. W. Davenport, of Pisgah, Woodford County, and Miss Achsia M. Bradley, of Fleming County, will be married to-day at the home of the bride, which is near Mt. Gilead. She is a daughter of Prof. J. B. Bradley and is an accomplished young lady. The groom formerly lived near Mt. Gilead, but moved to Woodford County several years ago. He is engaged in farming and is a most exemplary young man.

Da. G. M. Williams and family will take up their residence soon in Mrs. Jos. Diener's handsome two-story brick dwelling on Second street, near Commerce.

Buckskin's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fevers, tetter, cracked hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

ROYAL

BAKING POWDER

Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum and all forms of adulteration common to the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK.

MR. WANAMAKER

Hits the Dingley Bill a Crack—But Is Willing To Give It a Chance, He Says.

PHILADELPHIA, PENN., July 31.—In an interview on the tariff, prosperity, &c., ex-Postmaster-General Wanamaker, who recently criticized McKinley's administration, said:

"Whatever else April, May, June and July of this year did, they did not improve the tariff bill nor assist the Treasury that now confesses that it wants money so badly that it must set back the clock sixteen hours to get \$100,000 from importers reassessed for goods passed on the last day."

"What is your idea of the correct principle upon which to form a perfect tariff bill, Mr. Wanamaker?"

"The chief end of an American man, if he is a Congressman," was the reply, "is to know how to rightly assess on imports a sufficiency to make the United States the favored nation for employments—just that and nothing more. If necessities of the United States Government require more than this the revenue should be raised from other sources. Eventually the tariff must be equalized for all sections, and sit evenly on each of the four corners of the country, and not bear down too heavily over the middle. Three years isn't long enough to fully try the Dingley tariff. I would like to impress this fact. Half of the three years will be passed before the over imports are used up and all the old industries are under way again."

"Has not prosperity already come then?" queried the reporter.

"Surely you do not mean to have me believe that you think prosperity has come over night, so to speak," replied Mr. Wanamaker. "The four-year-old star of hope has simply given way to the two brighter stars of 'confidence' and 'permission to use American capital at home in employing American workmen,' but it will get fully started again. It will do good to spend our time picking out the flaws of the Dingley bill and saying what ought to have been and what might be better. Let us look at the good that is in it."

WHEAT STILL HIGHER.

One Hundred and Forty Steamers Have Been Chartered to Carry Grain to Europe.

NEW YORK, July 31.—While the trading in wheat futures was less active than on yesterday, the highest quotations since the present advance began were recorded.

The market showed its underlying strength by readily absorbing all offerings.

Although the Liverpool grain market was closed because of the English bank holiday, which will extend over Monday, there was a good deal of trading in the local market by the so-called Liverpool houses. These houses bought and sold, but it looked as if their buying was heavier than their selling.

The September wheat future opened strong at 81 11-16c., against 80 7-8c., the close on Friday. It advanced later to 82c. Part of the improvement was lost later, but the close, 81 1-4c., was 3-8c. above the final close on Friday. Compared with the closing price for the same future of June 30th, to-day's close represented a net advance for the month of 1 1-8c. a bushel. Compared with the price prevailing on the corresponding date last year, it represented a gain of 16 7-8c. a bushel.

A feature of the market was a final squeeze of the operators who had put out short July contracts. The price of July wheat advance to 90 11-16c. a bushel, compared with 88 7-8c., the close on Friday, on the buying of trifling amounts to cover short contracts.

A good demand also continued for ocean freight room. It is this demand that has been the most significant feature of the grain situation in the month just closed. A compilation of the charters of steamships to load grain and of berth-room engagements for the same purpose during July shows the enormous total of 25,000,000 bushels.

Practically all the berth room on the

We Have—

The best dollar Corset in town, made of fine white Coutil silk, stitched with silk embroidered edge stiffened with flexibone, which stands the hardest strains without breaking. After four months' trial we will cheerfully refund money if the Corset has not satisfied. Doesn't such confidence in our goods beget confidence in you?

WE HAVE a line—not very large—of Plaid Taffeta Ribbons, Nos. 60 and 80, but are regularly priced 50c. and 60c., which we have marked 25c. You never had a chance at a bigger Ribbon bargain.

WE HAVE Gloria Silk Umbrellas, Paragon frame, steel ferrule, natural wood handle, twenty-six and twenty-eight-inch size. Sun won't fade them nor rain stain them. \$1.00, \$1.19.

WE HAVE the prettiest and best line of \$1.00 Kid Gloves in the market. Glace kid, stitched black, button clasp fasteners, black, cream, white.

WE HAVE Women's Hosiery in black and in tan for 25c. that few can equal and none surpass. Soft, even threads, ribbed and plain, colors warranted, long wear assured.

D. HUNT & SON.

City Clerk Brose read a statement that in accordance with directions of Council, he had given Chief of Police Ort credit for \$216.26 taxes, the collection of which had been suspended by Council. The statement included the names of the property owners and amount due from each. Some of them are widows, and in other cases the taxes were erroneously or improperly assessed.

An account of I. N. Foster of \$6 was allowed.

The Committee on Propositions reported in favor of awarding the contract for improving the Market street esplanade to the G. Perrin Artificial Stone Company, of Bond Hill, O., at \$700. The report was adopted and the committee directed to let the contract to said parties in accordance with the specifications, the work to be paid for in October if completed.

The failure of the C. and O. to erect gates at certain crossings in the Fifth and Sixth wards was again the subject of considerable discussion. Some of the members thought the company ought to be prosecuted, and that warrants should be issued. They were informed that if com-

PROSTRATED BY THE HEAT.

Miss Dora Deatley Overcome Monday Afternoon While Employed at the Globe Laundry.

Miss Dora Deatley, a daughter of Mr. Harrison Deatley of the Sixth ward, was overcome by the extreme heat Monday afternoon and her condition was very serious for some time.

She has been employed at the Globe Laundry on Commerce street, and was at work when prostrated.

She was removed to Mr. Thomas M. Luman's residence, adjoining the laundry, where restoratives were administered. This morning she had rallied somewhat, and was able to be removed to her home.

Dr. O'Brien, her physician, reported her resting well at last accounts, with the chances in favor of her recovery.

We Must Make Room.

In anticipation of a big Fall trade and realizing that goods pertaining to our lines will advance (a great many have already) we bought early and largely. We are already beginning to receive shipments; moreover,

IT WILL NOT BE LONG BEFORE OUR GREAT LINE OF MEN'S SHOES WILL COME IN

so you see we must make room. Now if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our fancy Cheviot Suits in checks, plaids and stripes—Suits that we sold at \$18, \$16.50 and \$15—go in this sale. No house in the State ever did or ever will offer a line of Suits like these for the price,

\$10

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT
ON APPROVAL AND NO SUIT
WILL BE CHARGED--ONLY
CASH WILL BUY THE GOODS
DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.

F. B. RANSON & CO.

AT LAST,

Market Street Esplanade Is To Be Paved and a Handsome Fountain Put Up.

Thanks to the determined efforts of Councilmen Smith and Crowell, the old "eye sore" on Market street variously known as the "Esplanade," "Fountain Square," "Market Space," &c., is at last to be handsomely improved.

As will be seen in the Council proceedings elsewhere the bid of the G. Perrin Artificial Stone Company of Bond Hill, O., for paving the esplanade with concrete was accepted, and the committee was directed to award the contract.

The work will be commenced just as soon as possible and it will be pushed to completion.

According to the plans, the space to be improved is a parallelogram 173 feet long by 23 feet wide, the corners to be rounded to a radius of 8 feet, with gutter 12 inches wide around the outside. A circular opening 10 feet in diameter is to be left in the center, and six circular openings 3 feet in diameter are to be left for trees. When finished the space is to be 12 inches higher than at present. The necessary excavation for drainage under gutter and esplanade are to be made and filled with cinders or gravel, and the cement concrete to be put in not less than 5 inches deep and finished with topping not less than one inch deep, making 6 inches of cement.

The work is to be guaranteed and kept in repair for five years by the contractors.

The esplanade is to be further improved by the erection of a handsome fountain in the center space mentioned above, Messrs. Smith and Crowell having raised the money to pay for the fountain by subscriptions from property owners on the square and other citizens.

LEW SEEKER, as Groutz-er-heimer at the park to-night.

DICKEY VAN WINKLE has quit baseball and settled down to practice law at Danville.

JOSEPH Croft and Miss Dora Lathram, a Bath County couple, were married this morning by Judge Hutchins.

River News.

The Gate City has gone to St. Louis with a big miscellaneous tow.

The Cummings was a little ahead of time on her down trip Monday.

Virginia for Pittsburg and Sherley for Pomeroy to-night. Down: Bonanza.

The United States snagboat, E. A. Woodruff, accomplished some excellent work on her recent snag-pulling tour between Pittsburg and Evansville. On the trip 235 snags, some of them very dangerous, were removed from the Ohio river channel, twelve sunken coal barges, boats and parts of wrecks were raised and carried out of the river bed, and over 2,000 cubic feet of rock gathered up and removed to places where they will be out of harm's way.

Scarcity of Calves.

A farmer told us the other day that he had not known in years as greater a scarcity of calves and yearlings as at the present time. This is the case all over the country and the abundance of grass makes it desirable for farmers to have this species of stock.—Lexington Gazette.

A. O. U. W.

Will meet this evening at G. A. R. hall, corner Third and Market streets, at 7:30 o'clock. Work in the degrees and other business of importance.

Mr and Mrs. W. L. Vaughn were visiting friends in Ohio last week.

Mr. J. Parker Holtom of Middle left on the C. and O. train No. 46 on Saturday to spend the honey-moon at Charleston, W. Va., Ashland, Ky., and other points.

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most of woman's weakness and particularly the weakness that most strongly influences the health of children comes from derangement or disease of the distinctly feminine organs. Dr. Pierce's favorite prescription will cure troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pain of childbirth and insures the health of both mother and child.

Send 21 one-cent stamps to cover cost of mailing only, and receive free a copy of Dr. Pierce's Medical Adviser. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Last Chance, It May Be.

To close up the business of the Maysville Carriage Company immediately, we have fully determined to dispose of the remaining fifty vehicles the next thirty days at a price which will necessarily compel the last one to go. Therefore, persons desiring the greatest bargains ever before offered or obtained, are cordially invited to call and thus take advantage of an opportunity never again to be tendered. **MAYSVILLE CARRIAGE CO.**

Edward Myall, Manager.

SEVERAL of the ladies who were members of the bicycle party that went to Glen Springs Saturday were almost prostrated by the extreme heat while returning home Monday. The party had dismounted and were walking up a steep hill near Plumville which proved too much for most of them in the oppressive heat, and they had to stop at the residence of a Mr. Morris until late in the afternoon. They had all recovered this morning.

The crowd at Ruggles camp meeting Sunday was estimated at fully 6,000. The meeting closed Sunday night. It was one of the best and most successful yet held on these grounds, financially and every other way.

Few Appreciate the Dangers

to which the expectant mother is exposed are the pressure to be seated, the heat and the dread with which she looks forward to the hour of approaching motherhood. By the use of "Mother's Friend."

"Mother's Friend"

the body is made to yield pleasantly and without internal protest to the change it is undergoing. Headache and nausea are dispelled, the depressed and nervous feeling are removed, the expectant mother yields to one of pleasurable expectation. Danger to life of both mother and child is avoided, and the passage through the ordeal quickly and her recovery is rapid.

"I know one lady, the mother of three children who suffered greatly in the birth of each, who obtained a bottle of "Mother's Friend" of me before her fourth confinement, and was relieved quickly. All agree that their labor was shorter and less painful." JOHN G. POLKILL, MACON, GA.

Sent by Mail, on receipt of price, \$1.00 PER BOTTLE. Book "TO EXPECTANT MOTHERS" mailed free. THE GRADFIELD REGULATOR CO., ATLANTA, GA. SOLD BY ALL DRUGGISTS.

INDEMNITY PAID.
German Subject Hit by a Stray Bullet
Fired by a Soldier.

WASHINGTON, Aug. 3.—The treasury department has turned over to the state department for delivery to Christopher Schmidt, through the German embassy, the sum of \$4,000 as full indemnity to him for injuries sustained in 1894 from a rifle shot fired by United States soldiers. Schmidt was passing along the public highway, near Fort Snelling, Minn., while the soldiers were firing over their rifle range, and was struck by a stray bullet.

He was a subject of Germany, but when the appropriation was made for his relief, congress expressly refused to admit liability in such cases, and made the item read: "Relief of a subject of Germany. To pay, out of humane consideration, without reference to the question of liability therefor, the German government, as full indemnity."

INDEMNITY PAID to Italy.

WASHINGTON, Aug. 3.—The state department has finally closed another international incident by paying over to Count Vinci, the Italian charge here, the sum of \$5,000 as indemnity for the doing to death by a mob of three Italian subjects. The men were Lorenzo Saldarino, Salvatore Areo and Giuseppe Ventrella, and they were taken out of jail at Hahnville, La., about a year ago and lynched.

CRAZED BY THE INTENSE HEAT.

A boy eludes pursuit and secretes himself in the Marshes.

CROWN POINT, Ind., Aug. 3.—While working in the hayfield last Saturday afternoon, the 16-year-old son of Matthew Wise suddenly became deranged, due to the intense heat, and before a physician could be summoned, he eluded his parents and started across the meadows and cornfields at such a swift pace as to distance pursuit.

Mr. Wise summoned his neighbors and a posse of 50 men hunted for the demented lad throughout the night. Sunday Sheriff Hayes used his bloodhounds in trailing the boy, but the heavy rains of the night before had destroyed the scent, and nothing came of it. The demented boy is supposed to be hiding in the Kankakee marsh, as when last seen he was headed in that direction.

Robbed by Masked Men.

BUTLER, Ind., Aug. 3.—J. H. Barrow, living near St. Joe, was knocked down and robbed Sunday night on his way home from church by two masked men. They secured about \$5 and his gold watch.

LEWISTON, Me., Aug. 3.—The condition of Nelson Dingley, father of Congressman Dingley, is precarious. He is failing and there is thought to be practically no chance for recovery. Congressman Dingley arrived home this morning and is with his father who is suffering from paralysis, aggravated by great age.

Carelessly Handled Gasoline.

CINCINNATI, Aug. 3.—Mrs. Carrie Trickster, who lived on the west side of the canal near Flinley street, tried to fill a gasoline stove while it was lighted last night. The result was an explosion, causing the death of her daughter Cora, and injuries likely to prove fatal to Mrs. Trickster herself.

Bound Over to the Grand Jury.

BEDFORD, Ind., Aug. 3.—The tramp John Williams, charged with pushing Harry Lister between two freight cars, by which the latter was instantly killed, had a preliminary hearing at Washington, and he will be tried for murder in the first degree in September.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Dinondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

Park Theatre.

A nice audience was out to see "The Cotton Broker" last night. An entire change of program will be given to-night, Straight vandeville, new songs, dances and acts. Go out.
